# I. What We Need To See:

- Recognize the effect of trafficking on the victims

## WHAT IS HUMAN TRAFFICKING?

Human Trafficking is the act of recruiting, transporting, transferring, or harboring a person through use of *force, fraud or coercion*, for the purpose of exploiting them.

- ▶ Remaining 2 million represents child brides and soldiers  
(ILO)

# MY STORY:

I was just a girl: the special girl, of a special girl.  
I started out believing I was special because my  
grandmother made me believe in prayer.

No where to run, no where to hide, no other way out. I did what I was told and all I wanted to do was keep my children out of harms way and survive.

No one "SAW ME."

Victims are hiding in plain sight  
Traffickers count on us to ignore what we don't understand.  
To be silent, because we are too busy.

# American Airlines “SAW ME”

## THE PROBLEM:

- ◆ not wanting to get involved,
- ◆ Not wanting to be wrong.

People must begin to see what they are looking at, not the circumstances.

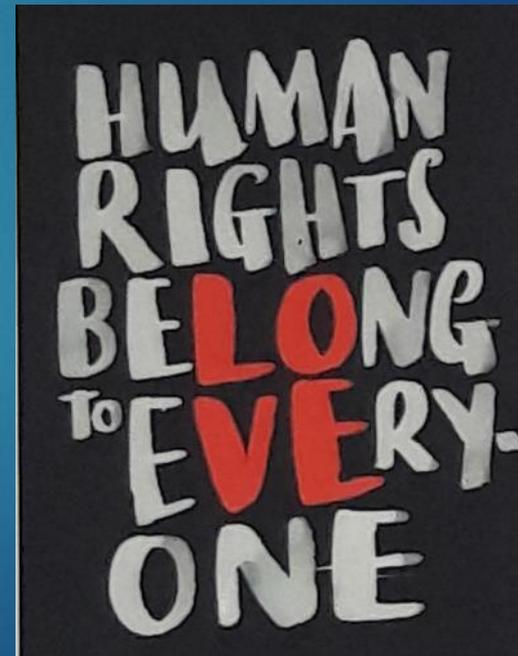

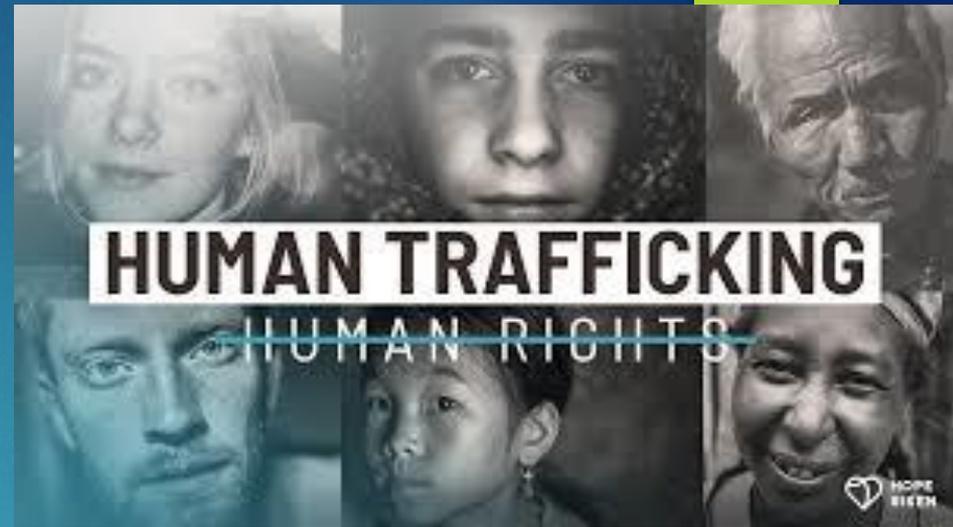

*It can happen to anyone.*

I never lost what made me special.

- ▶ **A** - Do **NOT** display any unusual concern or alarm.
