Programs Conducted

CORE EMPOWERMENT

Help individuals upgrade the IOS of the mind. The objective is to help the employees improve their choice-making process that impacts relationships and communication, in both personal and professional life as well as understanding the the inner workings of the mind's

DEEP CHANGE

Designed for transformative journey of self-exploration, revitalizing every aspect of your life that calls for improvement. This workshop is to equip individuals with a comprehensive understanding of the inner workings of the mind's IOS (Internal Operating System), building a self aware, authentic leader that will be able to ensure healthy work life environment as well as increase company productivity.

RIS3

A program to reassess personal decision making and problem-solving capacity. The program is done to Empower youths to develop a mental immunity and strength to RISE from their personal struggles. The program will allow participants to face their internal barriers and challenges, overcoming limited beliefs and help reinvent themselves to become more versatile towards challenges.

Testimonial

Trevor Jensen (CEO of FMI Air)

- The empowerment program ran by Richard was truly a work of art. My entire team of Pilots, Cabin Crew and management went through a total shift in the way they viewed the company, colleagues and their work. Employee engagement went from low to high within 4 months and the workplace was completely transformed.
